My Dearest Comrade Adsul, GS/ SNEA.

At the very outset, I, on my personal behalf and on behalf of CHQ/ SNPWA, convey our very best wishes for the spectacular success of your CWC at Hyderabad under your versatile, superb and towering stewardship.

Even though you took over the reins of the Association at a very difficult time when more than half of membership of SNEA proceeded on VRS, SNEA has been inching forward steadily and in a sustained manner to regain its pristine glory to be reckoned as the mightiest Trade Union of Executives in BSNL as it used to be for quite a long time. Surely, there is once again perceptible consolidation of the grassroots membership and unity in this mighty Association which is a great and healthy sign of things to come where the issues of the cadre will definitely be addressed by the only organisation capable to do it.

We know that you have undoubtedly and understandably, in the given scenario, a very very difficult job at hand. But I have absolutely no doubt that under your towering stewardship with so much commitment and determination and massive support from the grassroots level, SNEA will once again forge ahead as a very powerful force in the comity of Trade Unions in BSNL.

While addressing fundamental and crucial issues related to uninterrupted career growth of the Executives in BSNL, I am confident that this CWC will live up to its great legacy and also focus in equal, rather greater measure and put in its efforts strenuously to make sure that the revenues of the Company grow exponentially and that BSNL once again becomes a very vibrant and resilient CPSU financially so as to hold its place as a National Telecom Institution of paramount significance and continue to provide affordable and quality services of Universal Standard to its esteemed users.

I am confident that brainstorming and meticulous deliberations will engage this CWC on these crucial twin issues and that a concrete strategy and road map will be worked out by this CWC to successfully and quickly address these critical issues in their entirety.

While expressing my profound gratitude to you and SNEA for inviting me to attend the CWC of SNEA, which is a part of my blood, I feel extremely sad, disappointed and disgusted for not having been able to make it to Hyderabad this time due basically to the health problems ailing me in the past few days. You know how badly I miss this beautiful occasion. I sincerely and from the depths of my heart regret my inability to attend the CWC of SNEA, the organisation that resides within me and will continue to be so till my last breath. Kindly take my huge apologies to the CWC and its participants. For me, it is incredibly unthinkable and painful to ever miss any event of SNEA.

Once again my fervent wishes for a spectacular CWC with unprecedented success.

Comradely yours,

( G.L.Jogi).
