

RESOLUTION

Central Working Committee of this Association held at Jaipur on 1st April, 2023 unanimously resolved to urge and implore upon DOT Establishment to immediately resolve the crucial issue of Pension Revision which has been denied hitherto to BSNL/ MTNL Pensioners for about Six years on purely frivolous, extraneous and nonexistent considerations.

The House further unanimously resolved that nothing less than 15% fitment on IDA Scales, based on 3rd PRC, would be acceptable since Pensioners of BSNL/ MTNL have all along paid Pension Contribution on maximum of their IDA scales and there is absolutely no ground whatsoever to deny 15% fitment since no Financial liability accrues on the Government because of payment of our Pension Contribution all through.

The House also unanimously resolved to earnestly urge and implore upon DOT Establishment to incorporate an appropriate provision in the Cabinet note that automatically takes care of future Pension Revision in future so as to avoid miserable, distressing and pathetic situation that Pensioners of BSNL/ MTNL has been witnessing during last six years due to sheer apathy of the Telecom Establishment.
