**Sub: Inordinate and unexplained delay in finalization of rates for life saving drug CAPD FLUID used for Dialysis going to prove lethal. Entire consequences of loss of human life will be on the concerned CGHS authorities. Case of Jammu, BAXTER Company**

Respected Madam,

You are fully aware that CAPD is a life saving drug used for dialysis. In Jammu the Company **BAXTER** which used to supply the fluid to CGHS has stopped supplying it for about two months due to non finalization of the rates by CGHS HQs.

Old and ailing CGHS beneficiaries, running from pillar to post, are forced to purchase this life saving drug from the market since it is a life saving drug and its administration cannot be delayed even for a single day.

The concerned Company **BAXTER** at Jammu has send the proposal to CGHS HQs for finalization of rates quite some time before but as usual because of prevailing bureaucratic and casual attitude of the concerned officers in CGHS HQs the necessary approval from CGHS HQs is yet to come for reasons best known to the concerned authorities. **This casual attitude of CGHS authorities in dealing with such a critical issue matter more than adequately establishes the callousness and inhuman approach of the concerned authorities.**

**Finally, it will be entire responsibility of CGHS in case any mishap takes place because of non availability of CAPD fluid and it shall have to bear the grave consequences of loss of human life.**

In view of these crucial facts you are requested to direct the concerned authorities to accord approval to the concerned Company for **supply of CAPD fluid on top most priority for very obvious reasons.**

**Believe that resolution of this crucial issue will attract your kind attention with the utmost seriousness and urgency that it deserves.**

Kind regards
